Resources

There is a wide range of useful resources available for teachers covering sexual health and/or HIV. Some suggested resources are detailed below, together with details of organisations who produce resources that you might find useful.

Teaching and learning about HIV – A resource for Key Stages 1 to 4

Part of the Spotlight Series from NCB's Sex Education Forum and an invaluable resource for teaching SRE.

Your choice choose wisely

A range of materials from NAT designed specifically for young people. Includes facts about HIV and how young people can protect themselves from becoming infected and also information about the realities of living with HIV in the UK today.

AWARE!

Innovative media pack created by Crusaid to encourage 12-16 year olds to think about the pandemic, explore the power of the media and design a safer sex campaign for their peers. Available free of charge from www.crusaideducation.org

All About Us: Living and Growing series from Channel Four Learning.

HIV in Schools: Good practice guide

A practical guide for schools from NCB (2005).

HIV Risky Business

A video from the Children With AIDS Charity (CWAC).

Pandemic

CD-ROM and teacher's guide exploring global health and the impact of HIV, produced by ActionAid.

Protect yourself!

A teaching resource from Brook which includes eight ready-made teaching packages on contraception and STIs.

4Girls and 4Boys

Practical and informative guides to the body and growing up produced by fpa – both meet curriculum guidance for Key Stages 3 and 4.

National AIDS Trust (NAT)

Resources: fact sheets, leaflets, guides, policy reports, information packs

Subjects covered: HIV (general), Stigma and Discrimination, HIV in the workplace, HIV prevention, HIV and Human Rights

Tel: 020 7814 6767
